

Library Connect Resources for Middle School Educators

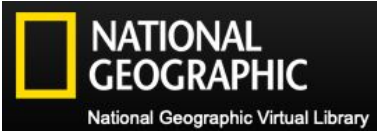

[Live Homework Help](#) - Chat one-on-one with a live tutor who will help students of all ages understand their homework. Available 2 pm to 10 pm daily in English and Spanish.

E-books and streaming

	<p>OverDrive Kids: Read e-books or download digital audiobooks for kids and teens. The Libby app is available to download for mobile devices.</p>
	<p>Hoopla Kids: Stream movies, music, comics, TV and more. Turn on the Kids mode (in upper right corner) to find children's materials. An app is available to download for mobile devices.</p>
	<p>Kanopy Kids: Stream movies and TV shows, including many based on children's books. An app is available to download for mobile devices.</p>

Research Databases

	<p>African American Communities: Provides primary sources, such as newspapers, oral histories and letters, from African American communities in the US from the 1860s through the 1970s.</p>
	<p>Biography in Context: Find biographies and images for more than 525,000 people. You can search by name, country, ethnicity, job, or birth or death date.</p>
	<p>CultureGrams: Search for up-to-date facts and cultural information about countries around the world and states in the U.S.</p>

	<p>eLibrary: Search across many formats at once: magazines, newspapers, books, television and radio transcripts, maps, images, multimedia files and web resources. Created specifically for student research.</p>
	<p>Ethnic Newswatch: Discover community viewpoints from local, ethnic and minority press news sources from around the country. This is often the only online source for this content.</p>
	<p>Gale in Context Middle School: This source contains articles and multimedia content on topics middle school students commonly research.</p>
	<p>ImageQuest: This resource provides images from multiple sources for your personal or educational use.</p>
	<p>Literature Resource Center: Find information on current and historical authors and their writings. Includes criticism, biographies, overviews, reviews, multimedia.</p>
	<p>Mango Languages: Learn a new language online. With more than 40 languages, including English for non-English speakers.</p>
	<p>Masterfile Premier: Read articles from thousands of popular and professional magazines.</p>
	<p>National Geographic Virtual Library: Search for articles, images, maps and advertisements found in National Geographic from 1888 to 1994.</p>
	<p>NoveList Plus: NoveList gives book recommendations for favorite authors, titles and series. Search by title, plot or writing style to find read-alikes. Find reading lists for popular genres and non-fiction, or browse reviews and discussion guides.</p>

 OREGON CIS	Oregon Career Information System : Learn about different jobs and the school and training they require. It includes scholarship information and demand now and in the future for each career.
	Today's Science : Provides the latest science news in biology, chemistry, the environment, space, physics and technology.
	World Book Student : Find articles, pictures and videos for students from the World Book Encyclopedia.
	World Book Spanish/Enciclopedia Estudiantil Hallazgos : Search the Spanish language version of the World Book Encyclopedia.
